The business before the Association yesterday was principally of a routine nature. President Bishop read his annual report, which was quite a lengthy document, and the yeading consumed something like two hours. The examination of the credentials of delegates also took up considerable time.

At a quarter of six o'clock P. M., the Association adjourned, to meet again at 8 o'clock this morning. It is probable that the Association will not adjourn before Saturday, and the daily sessions will be held as follows: From 8 A. M. to 12:30 P. M. to 5:45 P. M. in the afternoon. The appointment of committees and other important business will occupy the attention of the Association to-day, and the revening the delegates will attend a literary and dramatic entertainment in Washington Hall, given in their honor by the city lodges.
